

The Western North Carolina chapter of Carolina Jews for Justice is a strong supporter of economic justice. In western North Carolina, housing affordability is a key issue.

We have reviewed the overview of the project at 339 West Haywood in Asheville shared by Haywood Street Community Development (HSCD), and we support a project that could provide affordable housing for up to 45 families and/or individuals who might otherwise not be able to afford a place to live in this region, let alone near downtown.

We commend these efforts, particularly HSCD's efforts to meet and work with members of the community in the WECAN neighborhood, and hope that others will support such a worthy venture.

In appreciation,

Carolina Jews for Justice - West Steering Committee
